### **STEP 3: Summarize**

#### What produces faith?

Faith is produced in my life through hearing and knowing what God is saying through His Word. I need to spend more time in the Word of God and less time listening to the ideas and opinions of man. I need to make His voice the loudest voice in my life.

#### What are the different types of faith?

In the Bible we learn about different types of faith.

- Saving faith
- Faith for healing and other miracles
- The gift of faith

I need to desire for each type of faith to be evident in my life. My faith in Christ has saved me, but I must continue to have strong faith in Christ. I need to practice putting my trust in God more than I put trust in man.
